You may also enroll in other benefits explained in this guide. You must make your benefit elections within 30 days of the end of your new employee waiting period. Your waiting period is based on your employment classification, and it will be explained to you during your orientation. Review this guide and complete a Benefit Enrollment Form. Health Insurance Overview

South Bend Community School Corporation offers eligible employees a choice between four health insurance plan options. All plans are administered by Anthem Blue Cross and use the same Anthem Blue Access PPO network.

The **Buy-Up Plan (closed to new enrollment)** and the **Core Plan** are traditional PPO plans with copayments for office visits and prescription drugs. Both plans include access to the Everside (formerly Activate) Health Center with no out-of-pocket cost for services and medications received at the Health Center.

The **HSA Plan (new in 2022!)** and the **Essential Care Plan** are HSA-qualified high-deductible plans. There are **no copayments** on either HSA Plan 1 or the Essential Care Plan because all covered services, including office visits and prescription drugs, apply to the annual deductible and coinsurance. **This means that no benefits are paid (except for preventive care), including prescription drug costs, until the annual deductible has been met.**

Highlights of HSA Plan 1 include:

- If you enroll in HSA Plan, South Bend Community School Corporation will contribute \$1,000 annually to your HSA account. The \$1,000 contribution by SBCSC is divided by the number of pay periods during the year and deposited each pay date. If you are hired mid-year, the contribution from South Bend Community Schools will be pro-rated based on your effective date.
- Enrollment in the HSA plan allows you to receive care at Everside Health Center. *(see pages 17-19 for more information).*
- You may open a Health Savings Account at Teachers Credit Union. Both your contributions and contributions from SBCSC will be made directly to your TCU HSA.

The Essential Care Plan does NOT include access to the Everside Health Center, and employees and dependents enrolled in this plan are not permitted to receive services or medications at the Health Center.

- Spouses may not be enrolled in the Essential Care Plan. If you wish to cover your spouse, you must choose the Core Plan or HSA Plan 1 for yourself and your family. Children may be enrolled in the Essential Care Plan, however this may not be the best plan option if covering children.

PPO Providers

Please go to www.anthem.com or download the mobile app, Sydney, to find participating providers. Although most physicians in this area participate, it is recommended that you verify with your doctor that they participate in the Anthem Blue Access PPO network every time you make an appointment. Both the website portal and the mobile app, Sydney, allow you to review claims, estimate costs and order ID cards. You can also review innovative tools to help you manage your health and, with Sydney, you can chat 24/7 to get quick answers to your questions. You can also call Customer Service for assistance with any of your health care questions.

PPO Plans

- Higher premium contributions
- Lower deductible and out-of-pocket maximums
- Copays and coinsurance for non-preventive services
- Preventive care paid at 100% in-network

HSA Plans

- South Bend Community School Corporation contributes to HSA Plan 1: **\$1,000 per employee per year as long as you are enrolled in HSA Plan 1.** This helps lower your out-of-pocket costs. **Note: You must open an HSA through Teachers Credit Union (TCU) to receive the contribution from South Bend Community School Corporation.**
- May not enroll in a HealthCare Flexible Spending Account (FSA), but may enroll in a Dependent Care FSA. The IRS will not allow you to contribute to both an HSA and an FSA.

General Health Plan Information

Additional Information for all four plans

Preventive Care such as routine physicals, routine mammograms, routine pap tests, routine PSA tests, and most immunizations are covered at 100%. Claims must be coded by your doctor as “Routine” rather than “Diagnostic”.

The Annual Deductible accumulates from January 1st, 2022 through December 31st, 2022.

Most covered treatment and services, such as hospital room and board, surgery, nursing care, X-rays, MRIs, ambulance, home care, etc.:

- For in-network providers, services are paid at 80% after the annual in-network calendar year deductible has been met.
- For out-of-network providers, services are paid at 60% of reasonable and customary after the annual out-of-network calendar year deductible has been met.
- Care must be medically necessary and the treatment appropriate.

Pre-Certification and Prior Authorization - The plans require pre-certification for hospital stays as well as for many other tests and procedures. Durable medical equipment also requires pre-approval. Please refer to your Anthem ID card for plan contact information and provide your ID card to your provider. In-network PPO providers are responsible for obtaining pre-certification and/or prior authorization from Anthem. If you utilize an out-of-network provider, you are responsible for obtaining prior authorization.

Health Care Reform Note: All health insurance plans offered by SBCSC meet the minimum coverage requirement under the individual mandate provision of the Patient Protection and Affordable Care Act. Information about the health insurance marketplace coverage options is located on the SBCSC website or you can visit www.healthcare.gov for more information.

Emergency Room Visits

Non-emergency visits to the ER will be covered only if:

- ▶ You are directed to the emergency room by another medical provider
- ▶ Services were provided to a child under the age of 14
- ▶ There is not an urgent care or retail clinic within 15 miles
- ▶ Visit occurs on a Sunday or major holiday

You should always call 911 or seek care from the nearest Emergency Room for life-threatening situations. However, if you seek care for yourself or a dependent during hours when your primary care physician is unavailable, please seek other options such as the Everside Health Center, urgent care centers, retail health clinics, walk-in doctors' services and online services such as LiveHealth Online®. The LiveHealth Online® app is available on Google Play and Apple. These will provide you with cost effective and time saving medical care. Members are also encouraged to utilize Anthem's online tools like 24/7 NurseLine to help determine the most appropriate care for non-emergencies.

You can call NurseLine to get started at 800-337-4770

FAQs

What is a PPO?

PPO stands for “Preferred Provider Organization” and the health care providers that participate in the PPO have agreed to accept a discounted fee for their services.

How does a PPO work?

The medical provider has agreed to submit their claims directly to your health insurance administrator, Anthem Blue Cross. Anthem Blue Cross then processes the claim and applies the agreed upon discount. The discounted fee is referred to as the “eligible charge.” The eligible charge is then processed by Anthem in accordance with your plan’s rules and the deductible, coinsurance, or copayments are applied.

In most circumstances, the medical provider is generally required to “write-off” the amount of the discount, and thus neither you, nor your insurance plan, are required to pay this portion of the original charge.

What is a deductible?

The amount you owe before your health insurance begins to pay, for example, \$1,000 per person/\$3,000 per family. The deductible accumulates over a one-year period and resets to \$0 each January 1.

What is coinsurance?

A percentage (for example 20%) of the eligible charge for which you are responsible after the annual plan deductible has been met. Your insurance plan pays the balance of the charge. For example, if your coinsurance share is 20%, the insurance plan pays 80%.

What is a copayment or “copay”?

A flat dollar amount that you pay each time you receive certain types of medical services such as office visits and prescription drugs. For example, if your copay is \$30, you simply pay \$30 for each office visit and the insurance plan pays the rest of the eligible charge.

Why is there a higher copayment for specialists?

Specialists typically charge substantially more than a primary care doctor, and the copay reflects this.

What is the out-of-pocket maximum?

This is the most you pay during the year before your insurance plan begins to pay 100%. The deductible, your coinsurance share, and office visit copays all apply to the out-of-pocket maximum.

Do copays apply to the deductible or out-of-pocket maximum?

Copays do not apply to the deductible, but office visit copays do apply to the out-of-pocket maximum.

What happens if I use a non-PPO medical provider?

Doctors, hospitals, and other medical providers that are not in the PPO network are free to charge any amount they wish for their services. They have not agreed to accept a discount, or any other maximum limit, on their charges. The insurance administrator determines the reasonable and customary allowed amount. Additionally, your deductible and out-of-pocket maximum is typically higher if you choose to use a non-PPO provider.

HSA Plan FAQs

What is an HSA?

It is your personal tax-exempt account used to pay for eligible out-of-pocket medical expenses which accumulate towards your deductible and coinsurance. Examples are prescription drugs, office visits, lab tests, urgent care, and emergency room visits. You may also use your HSA funds to pay for dental and vision out-of-pocket expenses. Qualified expenses are those as defined by IRC Section 213(d). Visit <https://www.irs.gov/pub/irs-pdf/p502.pdf> for a list of allowed expenses. Amounts distributed from your HSA for any other reason are subject to income tax and an additional 20% penalty tax.

Am I eligible to establish an HSA?

You may open a Health Savings Account only if you participate in an HSA plan option, which is a qualifying high deductible health plan. A qualifying HDHP is one that does not reimburse covered medical expenses until a maximum annual deductible established by the IRS is met.

You are **NOT** eligible for an HSA if you are:

- Covered under another medical plan that is not an HDHP.
- Entitled to (either eligible for or enrolled in) Medicare benefits.
- Eligible to be claimed on another person's tax return.
- Participating in a Flexible Spending Health Care Account.

Who holds my HSA funds?

The HSA is an individual bank account owned by you. The South Bend Community School Corporation has chosen Teachers Credit Union as our preferred financial institution to administer all HSA accounts for our employees. As an employee of SBCSC there is no charge to open your HSA account. After you open a Health Savings Account at TCU, any pre-tax payroll deductions as well as the contributions into the account by the South Bend Community School Corporation. Your contribution from SBCSC will be prorated and deposited each pay period.

How and when do I make contributions to my HSA?

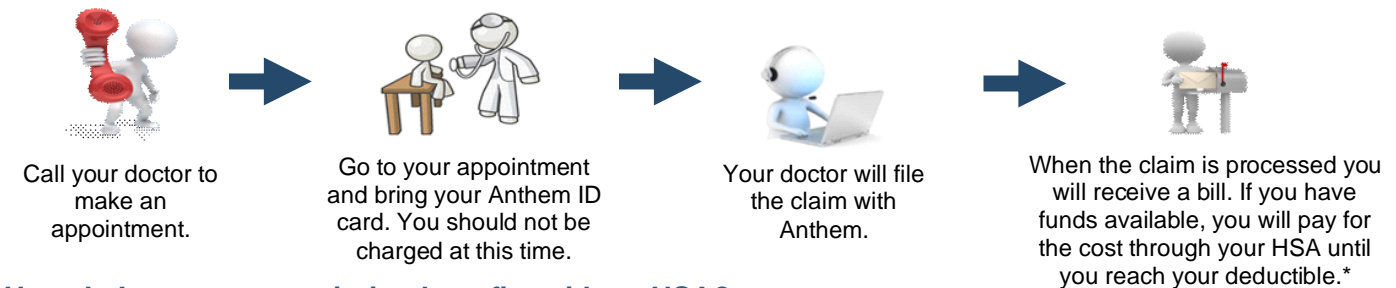

You are encouraged to have contributions direct deposited from your paycheck on a pre-tax basis. You may also make contributions directly into your HSA on an after-tax basis. If so, you will receive a Form 1099 from Teachers Credit Union each year which will show your annual HSA contribution. You then report your HSA contribution by completing Form 8889 with your annual federal income tax return.

How do I access my HSA funds?

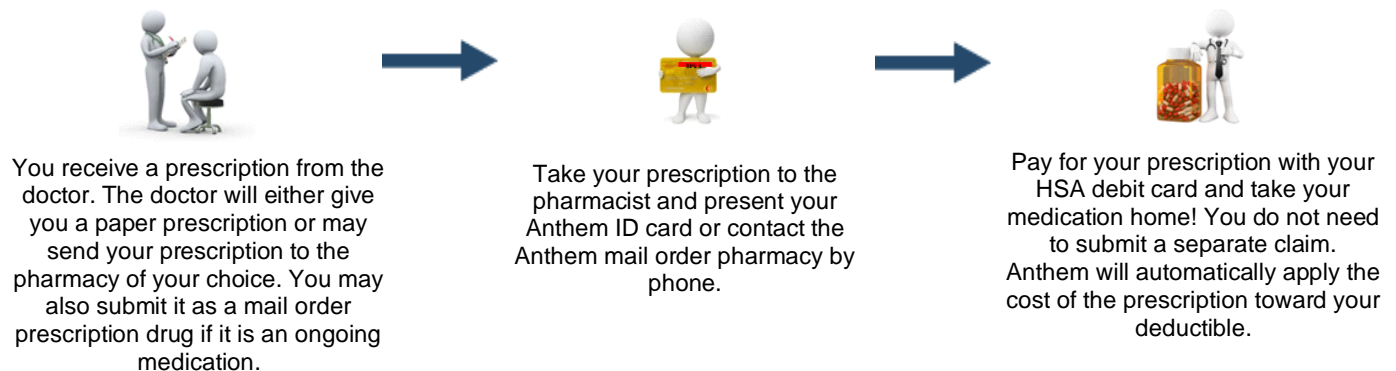

Teachers Credit Union will provide you with a debit card and check book (if requested). Remember, in the event of an IRS audit, you are responsible for providing your receipts for services and other items purchased with money from your HSA.

Understanding a Health Savings Account (HSA)

What are the steps in an HSA?

How do I use my prescription benefits with an HSA?

***What if I don't have enough money in my HSA account to pay for all of my medical expenses during the year that are applied toward my deductible and coinsurance out-of-pocket?**

The good thing about an HSA is that it is flexible and allows you to add additional money (up to the maximum below) if your medical claims are more than you had anticipated. You can either request a change in the amount of your pre-tax payroll deduction during the year, or you can deposit after-tax money and generally take a deduction when you file your taxes. Talk to your tax advisor about this option.

How much can I contribute to an HSA?

The annual HSA contribution limits for 2022 are:

- \$3,650 for individual coverage and \$7,300 for family coverage
- Individuals ages 55 or older may be eligible to make a catch-up contribution of \$1,000
- These limits include money you receive from SBCSC.

What if I enroll in an HSA in the middle of the year?

Your HSA contributions are generally determined on a monthly basis. However, if you enroll in an HSA mid-year, you are allowed to make a full year's contribution, provided you are eligible on December 1 of that year and you remain eligible for HSA contributions for at least the 12-month period following that year.

Who is eligible to use my HSA funds?

You can use your HSA funds to reimburse Qualified Medical Expenses incurred by you, your spouse, and your tax dependents, as long as the expenses are incurred after the date that your HSA is established.

What happens to my HSA funds if I leave the South Bend Community School Corporation?

You take your HSA account and funds with you because it's your personal bank account. Remaining HSA funds may continue to be spent on qualified out-of-pocket medical, dental, and vision expenses.

Everside Health Center

Things to know about the Health Center:

- The goal of the Health Center is to help you and your family members live longer, healthier, and more productive lives.
- It is staffed with a primary care physician, a physician assistant, a nurse practitioner, and several medical assistants.
- The level of staffing at the Health Center allows for longer visits and more personal attention than other medical practices typically offer.

Labs:

The Health Center provides lab tests at no cost to you. You can bring in an order from another doctor for lab tests, and the results will be sent to that doctor. There is no cost to you for blood tests done at the Health Center, even if they were not ordered by a physician at the Health Center.

Medications:

The Health Center stocks and dispenses many common generic drugs. There is no cost to you for medications dispensed by the Health Center. The Center can dispense up to a 90-day supply at a time. Due to medication dispensing laws, the Center is unable to fill prescriptions written by an outside doctor. If you would like to know more about obtaining medications at the Health Center, please call the Health Center.

You can find a list of drugs available at:

<https://www.eversidehealth.com/client/south-bend-community-schools/>

Health Coaching:

The Health Center is here to help you reach your health and wellness goals. The Center allows for longer visits and more personal attention than typical medical practices. Health coaching is offered to you at no cost in order to help you make healthy lifestyle choices around what is most important to you in order to optimize success to live a longer, healthier life!

Confidential:

Complete confidentiality is required by law and is extremely important to us. Your medical information will not be shared with anyone at SBCSC. The privacy requirements are the same as if you were visiting any other doctor's office. Information can be shared with other physicians, based on your direction and authorization.

Care for Children:

Children under age 3 are best served by a pediatrician, and therefore are unable to be seen at the Health Center. Children who have reached their 3rd birthday may be seen at the Everside Health Center for illnesses and minor injuries.

For several reasons, the Everside Health Center does not stock or administer childhood immunizations. For routine well-child visits and immunizations, children are best served by a pediatrician who can follow your child's development and see that the correct immunizations are given at the appropriate times.

We encourage you to maintain your child's relationship with their pediatrician, or primary care physician that administers childhood immunizations, until they are at least 13 years old. Because most physicals required by schools include certification of immunizations, the Everside Health Center is unable to provide school physicals for children under age 13.

Well-baby/Well-child exams and immunizations are generally covered at 100% under your Anthem health insurance plan, when using a PPO provider. The visit must be coded on the bill as "preventive" by your doctor's office.

Health and Wellness Incentives

Comprehensive Physicals and Health Goals

Employees and spouses who are covered under any of the SBCSC health insurance plans except the Essential Care Plan have the opportunity to earn up to a \$300 premium credit each by completing a comprehensive physical and biometric screening with a health care practitioner at the Everside Health Center who will work with you to tailor your individual health goals. The reward may be earned once every 12-months.

- **Once you have completed the requirements for the wellness incentive, your reward will be paid as a health insurance premium credit on a future paycheck, thereby reducing your payroll deduction and increasing your take-home pay.**
- **All requirements for the reward** must be completed at the SBCSC Everside Health Center.
- **You will receive the entire premium credit earned, even if your medical deduction is less than the full amount of the credit earned.**

Follow these steps to earn your wellness reward:

- 1) You may call the Center and schedule an appointment for this at any time during the year.
- 2) Complete a biometric screening and health profile.
- 3) Complete your annual physical exam at the Health Center.

If you have any questions about the process, please call the Center at 574-855-1090 and they will be happy to explain the process and make your appointment.

How will your reward be reported to the Payroll Department? Periodically, the Everside Health Center sends a report to the SBCSC Payroll Department that includes a list of names and the dollar amount earned. No health information, test results, or health goals will be shared with SBCSC. Please allow 45 days for the reward to appear on your regular paycheck as a premium credit after completing your physical.

Life and Disability Insurance

Basic Life and Accidental Death & Dismemberment (AD&D)

South Bend Community School Corporation offers Term Life Insurance and Accidental Death & Dismemberment (double indemnity for accidental death) to you when newly eligible for benefits. The amount is based on your employee classification. Please contact the Benefits Department if you are unsure of your benefit level.

Supplemental Life and AD&D

You may also elect Supplemental Term Life and Accidental Death & Dismemberment for yourself and your dependents. **This option is available only for employees who are newly eligible for benefits.** If you waive coverage when you are newly eligible, you will not be able to elect Supplemental Life in the future. You can choose benefit increments of \$50,000 for yourself up to a maximum of \$200,000. If you are enrolling, you may also elect \$25,000 or \$50,000 for your spouse and \$10,000 for each dependent child. The premium is based on your age and will increase as you move into the next 5-year age band. The only life events that allow a change to your Supplemental Life insurance enrollment status are marriage and birth/adoption. If you are currently enrolled in this benefit, you may add your new dependent within 30 days of the marriage or birth/adoption. You may drop this coverage at any time. Please contact the Benefits Department for more information.

Long Term Disability Insurance

To protect you and your family in the event of a long-term disability, South Bend Community School Corporation offers Long Term Disability Insurance if you are enrolled in Basic Life Insurance. If disabled more than 6 months, the plan will pay you two-thirds of your pre-disability salary up to a maximum benefit of \$6,000 per month. The plan will continue to pay, as long as you are disabled, until you reach age 65.

Flexible Spending Account (FSA)

In addition to your benefit premium contributions being deducted pre-tax, you also have the option during the American Fidelity Open Enrollment to have additional money deducted pre-tax and deposited into a flexible spending account for eligible out-of-pocket medical, dental and vision expenses. You may also set up a dependent care account into which you can make pre-tax deductions which can be used to pay for childcare expenses. American Fidelity will visit each school building in the fall.

For more information on any of these policies, please contact American Fidelity at 1-800-638-4268.

Healthcare Flexible Spending Account

Please note, the IRS does not allow you to contribute to both an HSA and an FSA Health Care Account.

This account reimburses you for qualified health, dental, and vision care expenses not covered by insurance. You may set aside up to \$2,750 per year. Your elected contribution is then divided by your number of paychecks and that amount is deducted tax-free each pay period.

Next, the deducted contributions are then placed into your FSA(s). Not only do you not pay taxes on this money, but it's deducted from your paycheck before you can spend it on anything else, thereby helping you budget for known expenses that you will have throughout the year. You also do not pay income taxes on the money when it is spent.

Current Employees: Your current Flex plan election will not carry over into 2022! You must re-enroll during the American Fidelity open enrollment in order to participate in 2022.

Dependent Care Reimbursement Account

This account reimburses you for day care expenses for eligible children and adults. Through regular payroll deductions, you may set aside part of your income to pay for these expenses on a pre-tax basis. To qualify, your dependents must be:

- ▶ A child under the age of 13
- ▶ A child, spouse or other dependent who is physically or mentally incapable of self-care and spends at least 8 hours a day in your household.

Qualified expenses for reimbursement include adult and child day care centers, preschool and before/after school care. The annual maximum contribution is \$5,000 (\$2,500 if married and filing separately).

Examples of Eligible Medical Expenses:

- ▶ Any charges not covered by your Medical Plan, including (but not limited to) Deductibles, Copayments and Prescriptions
- ▶ Chiropractic or other therapy charges over the plan maximum benefit
- ▶ Weight-loss programs
- ▶ Dental or vision care copays or charges over the maximum benefits
- ▶ Hearing aids and batteries
- ▶ Laser eye surgery
- ▶ Over-the-counter medications with a written prescription from your doctor

Important Note:

Be conservative when determining your Elected Contribution. The IRS requires that you forfeit any unused money in your FSA at the end of the year. You cannot receive any money as cash nor can you carry it over to the next plan year. This is commonly known as the "Use it or Lose It" rule.

Other Supplemental Benefits

Disability Income Insurance

The advantage of this plan is that benefits become available on a short-term basis, which would help you during the 6-month period before you would be able to start receiving benefits on your Long Term Disability plan provided to you by South Bend Community School Corporation. Benefits are paid directly to you in the event you are unable to work due to an illness or accident.

Life Insurance

The life insurance benefits provided to you through South Bend Community School Corporation are term benefits, which means you only get your Basic Life and AD&D while you are employed (unless you convert your coverage when you retire); and if you have elected Supplemental Term Life Insurance, your benefit reduces to 50% at age 70. American Fidelity offers permanent, whole life insurance options, as well as additional term insurance if you are interested in applying for more insurance than is available through New York Life's voluntary term life group policy.

Accident Only Insurance

Individual and Family plans are available with the Accident Only insurance policy. Benefit payments are made directly to you and there are several options available. As long as you pay your premiums, the policy is guaranteed renewable – you cannot be cancelled for any reason.

Hospital Indemnity Insurance

You choose the amount to be paid to you for an untimely admission to the hospital for you or a family member. Benefits include payment for Intensive Care, Rehabilitation and Ambulance Services.

Cancer Insurance

The Cancer insurance policy covers expenses such as Lost Income, Utilities, Spouse's Lost Income, Meals and Lodging, Transportation Costs, Special Dietary Needs, Housekeeping Expenses and House/Mortgage Payments if you or a covered family member is diagnosed with cancer after the policy becomes effective. The money can be used however you need, allowing you to protect yourself from financial hardship.

**For more information on any of these policies,
please contact American Fidelity at 800-638-4268.**

NOTE: You can ONLY enroll in these plans during the American Fidelity open enrollment.

2022 Spousal Health Coverage Verification

Effective January 1, 2022, to contain costs, South Bend Community School Corporation will continue to require a surcharge for employees who choose to cover spouses who are or become eligible for coverage through other employers. The surcharge will equal the entire cost of the monthly spousal health coverage. In addition to the 2022 announcement letter, the spousal surcharge premiums (based on the number of employee pay periods) are included in the employee benefit guide and in the PowerPoint open enrollment presentation.

Employees electing to enroll their eligible spouse must complete this questionnaire. **Note: This does not apply if both you and your spouse are eligible employees of South Bend Community School Corporation.** It also does not apply to dental, vision, supplemental life insurance, or other supplemental benefits.

Employee, please check one of the following:

- ☐ 1. My spouse is not employed at this time. If my spouse's employment status changes in the future, I will notify Human Resources within 30 days of the event to discuss my options. **Failure to notify is deemed to be an intentional misrepresentation which may result in penalties, including past premium contribution collections. Failure to notify may also jeopardize eligibility, possibly resulting in retroactive termination of coverage.**
- ☐ 2. My spouse is employed, but is not, and has not been, eligible for health insurance at this time through his/her employer. **Spouse's employer must complete section below confirming spouse's health plan eligibility status.**
- ☐ 3. My spouse **has** coverage available through his/her employer. I understand that I will pay the cost of spousal coverage to cover my spouse.
